Romano
Rondo Ottoman

The RONDO ottoman is a perfect occasional piece for any living area. It is just the right size to place in front of your sofa or sectional and unique round shape gives an interesting look to the room. The flat top is stable enough to act as a coffee table, but soft enough to comfortably rest your feet. Most importantly, the top lifts off to reveal fully upholstered storage compartment where you can store all your media, remote controls or toys to keep your space always looking modern and uncluttered.
